**Cautionary Note Regarding Forward-Looking Statements**

Certain statements herein that are not historical facts are "forward-looking" statements and "safe harbor statements" within the meaning of the Private Securities Litigation Reform Act of 1995 that involve risks and/or uncertainties, including those described in the Company's public filings with the Securities and Exchange Commission. Forward-looking statements are based on management's current expectations and assumptions and not on historical facts. Examples of these statements include, but are not limited to, the closing of the offering and expected use of proceeds. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks, and changes in circumstances that are difficult to predict. Our actual results may differ materially from those contemplated by the forward-looking statements. They are neither statements of historical fact nor guarantees or assurances of future performance. Therefore, we caution you against relying on any of these forward-looking statements. Among the important factors that could cause actual results to differ materially from those indicated in such forward-looking statements include risks and other factors described in the Company's periodic reports filed with the Securities and Exchange Commission. In providing forward-looking statements, the Company is not undertaking any duty or obligation to update these statements publicly as a result of new information, future events or otherwise, except as required by law. If the Company updates one or more forward-looking statements, no inference should be drawn that it will make additional updates with respect to those other forward-looking statements.
