Forward-Looking Statements

Some of the statements used in this Current Report on Form 8-K are not statements of historical or current fact. As such, they are "forward-looking statements" within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended, including statements concerning the completion of the Convertible Senior Notes Offering, the capped call transactions and the anticipated use of proceeds from the offering. The Company has based these forward-looking statements on its current plans and expectations, and these statements are subject to known and unknown risks, uncertainties and assumptions. Actual events or results might differ materially from those expressed or forecasted in these forward-looking statements. Accordingly, the Company cannot guarantee that its plans and expectations will be achieved. Although it is not possible to create a comprehensive list of all factors and risks that may cause actual results to differ from the results expressed or implied by these forward-looking statements or that may affect the Company's future results, the following factors, among others, could cause actual results and the timing of events to differ materially from the anticipated results or other expectations expressed in the forward-looking statements: the satisfaction of customary closing conditions related to the Convertible Senior Notes Offering and uncertainties and other factors relating to the intended use of proceeds from the Convertible Senior Notes Offering. Although the Company believes that the plans and expectations reflected in any forward-looking statements are based on reasonable assumptions, the Company can give no assurance that its plans and expectations will be attained, and therefore actual outcomes and results may differ materially from what is expressed or forecasted in such forward-looking statements. These forward-looking statements are subject to numerous risks and uncertainties, including those identified elsewhere in this communication and those included in the "Risk Factors" section in the Company's most recent Annual Report on Form 10-K and in other documents that the Company files with the Securities and Exchange Commission, which are available at https://www.sec.gov.

These cautionary statements qualify all of the Company's forward-looking statements, and you are cautioned not to place undue reliance on these forward-looking statements. The Company's forward-looking statements speak only as of the date they are made and should not be relied upon as representing the Company's plans and expectations as of any subsequent date. While the Company may elect to update or revise forward-looking statements at some time in the future, it specifically disclaims any obligation to publicly release the results of any revisions to its forward-looking statements, except as required by law.
