SAFE HARBOR

The information in this report contains forward-looking statements about future events and circumstances and their effects upon revenues, expenses and business opportunities. Generally speaking, any statement in this report not based upon historical fact is a forward-looking statement. Forward-looking statements can also be identified by the use of forward-looking or conditional words, such as "could," "should," "can," "continue," "estimate," "forecast," "intend," "look," "may," "will," "expect," "believe," "anticipate," "plan," "remain," "confident" and "commit" or similar expressions. In particular, statements regarding plans, strategies, prospects, targets and expectations regarding the business and industry are forward-looking statements. They reflect expectations, are not guarantees of performance and speak only as of the dates the statements are made. We caution investors that these forward-looking statements are subject to known and unknown risks and uncertainties that may cause actual results to differ materially from those projected, expressed, or implied. Factors that could cause actual results to differ materially from those in the forward-looking statements include those reflected in Part I, Item 1A. Risk Factors and Part II, Item 7. Except as required by law, Jackson Financial Inc. does not undertake to update such forward-looking statements. You should not rely unduly on forward-looking statements.

Certain financial data included in this report consists of non-GAAP (Generally Accepted Accounting Principles) financial measures. These non-GAAP financial measures may not be comparable to similarly titled measures presented by other entities, nor should they be construed as an alternative to other financial measures determined in accordance with U.S. GAAP. Although the Company believes these non-GAAP financial measures provide useful information to investors in measuring the financial performance and condition of its business, investors are cautioned not to place undue reliance on any non-GAAP financial measures and ratios included in this report. A reconciliation of the non-GAAP financial measures to the most directly comparable U.S. GAAP financial measure can be found in the "Non-GAAP Financial Measures" Appendix of this report.
