Item 1.01. Entry into a Material Definitive Agreement.

As previously disclosed in the Company's Current Report on Form 8-K filed on March 11, 2024, on March 14, 2024 (the "Closing Date"), Westinghouse Air Brake Technologies Corporation (the "Company" or "Wabtec") entered into a Term Credit Agreement, dated as of March 14, 2024 (the "2024 Credit Agreement"). The 2024 Credit Agreement is a standalone credit agreement, consisting of a new term loan facility in an aggregate initial principal amount of $225.0 million U.S. dollars ("2024 Term Loan Facility"). Capitalized terms used but not herein defined are as defined in the 2024 Credit Agreement.

The 2024 Term Loan Facility matures on the fifth anniversary of the Closing Date and is unsecured. The applicable interest rate for borrowings under the 2024 Credit Agreement includes interest rate spreads based on the lower of the pricing corresponding to the Company's (i) the public rating or (ii) leverage ratio, in each case that range between 1.000% and 1.750% for Term SOFR and Daily Simple SOFR-based borrowings and 0.000% and 0.750% for Alternate Base Rate based borrowings. The obligations of the Company under the 2024 Credit Agreement have been guaranteed by certain of the Company's subsidiaries.

The 2024 Credit Agreement contains customary affirmative and negative covenants for credit facilities of this type, including limitations on the Company and certain of the Company's subsidiaries (collectively, the "Loan Parties") with respect to, among other things, indebtedness, liens, fundamental changes, restricted payments and restrictive agreements. So long as at the time of declaration, and after giving effect to such payments as at the time of declaration, no default or event of default exists and the Company is in compliance with the financial covenants set forth in the 2024 Credit Agreement, the Company is permitted to pay dividends and make other restricted payments.

Under the 2024 Credit Agreement, the Company has agreed to maintain an Interest Coverage Ratio of at least 3.0 to 1.0, and a Leverage Ratio not to exceed 3.5 to 1.0. The Interest Coverage Ratio is defined as EBITDA to Interest Expense for the four quarters then ended. The Leverage Ratio is defined as net debt as of the last day of such fiscal quarter to EBITDA for the four consecutive quarters then ended. Additionally, the Company may, by a notice delivered to the administrative agent, increase the maximum Leverage Ratio upon completion of a Material Acquisition.

The 2024 Credit Agreement provides for customary events of default.

Some of the lenders under the 2024 Credit Agreement, and/or their affiliates, had, have or may in the future have various relationships with the Company and its subsidiaries involving the provision of a variety of financial services, including investment banking, underwriting, commercial banking, letters of credit, for which the lenders and/or affiliates receive customary fees and, in some cases, out-of-pocket expenses.

The foregoing is a summary of the material terms of the 2024 Credit Agreement and is not a complete discussion of the document. Accordingly, the foregoing is qualified in its entirety by reference to the full text of the 2024 Credit Agreement, a copy of which is filed as an exhibit to this Report on Form 8-K.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The disclosure set forth above under Item 1.01 is hereby incorporated by reference into this Item 2.03.

Item 9.01. Financial Statements and Exhibits.
