"Safe Harbor" Statement under the Private Securities Litigation Reform Act of 1995

Certain statements contained in this Form 8-K and the exhibits attached hereto are forward-looking statements intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. These forward-looking statements, and financial or other business targets, are subject to certain risks and uncertainties.

The Company believes that the most significant risk factors that could affect its financial performance in the near term include: (i) the impacts to underlying demand for the Company's products from global economic conditions, political uncertainty, and changes in environmental standards and governmental regulations; (ii) competitors' actions, including pricing, expansion in key markets, and product offerings; (iii) the cost and availability of raw materials; (iv) the degree to which higher costs can be offset with productivity measures and/or passed on to customers through price increases, without a significant loss of volume; (v) foreign currency fluctuations; and (vi) the execution and integration of acquisitions.

Actual results and trends may differ materially from historical or anticipated results depending on a variety of factors, including but not limited to, risks and uncertainties related to the following:

- International Operations – worldwide and local economic and market conditions; changes in political conditions, including those related to China, the Russian invasion of Ukraine, the Israel-Hamas war and tensions in the Middle East; and fluctuations in foreign currency exchange rates and other risks associated with foreign operations, including in emerging markets
- The Company's Business – fluctuations in demand affecting sales to customers; fluctuations in the cost and availability of raw materials and energy; changes in the Company's markets due to competitive conditions, technological developments, environmental standards, laws and regulations, and customer preferences; the impact of competitive products and pricing; execution and integration of acquisitions; selling prices; customer and supplier concentrations or consolidations; financial condition of distributors; outsourced manufacturers; product and service

quality; timely development and market acceptance of new products, including sustainable or sustainably-sourced products; investment in development activities and new production facilities; successful implementation of new manufacturing technologies and installation of manufacturing equipment; the Company's ability to generate sustained productivity improvement; the Company's ability to achieve and sustain targeted cost reductions; collection of receivables from customers; and our environmental, social and governance practices

- Income Taxes – fluctuations in tax rates; changes in tax laws and regulations, and uncertainties associated with interpretations of such laws and regulations; retention of tax incentives; outcome of tax audits; and the realization of deferred tax assets
- Information Technology – disruptions in information technology systems or data security breaches, including cyber-attacks or other intrusions to network security; and successful installation of new or upgraded information technology systems
- Human Capital – recruitment and retention of employees and collective labor arrangements
- The Company's Indebtedness – credit risks; the Company's ability to obtain adequate financing arrangements and maintain access to capital; fluctuations in interest rates; volatility of financial markets; and compliance with the Company's debt covenants
- Ownership of the Company's Stock – potential significant variability of the Company's stock price and amounts of future dividends and share repurchases
- Legal and Regulatory Matters – protection and infringement of intellectual property; impact of legal and regulatory proceedings, including with respect to environmental, anti-corruption, health and safety, and trade compliance
- Other Financial Matters – fluctuations in pension costs and goodwill impairment

For a more detailed discussion of these factors, see Part I, Item 1A. "Risk Factors" and Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Company's 2022 Form 10-K, filed with the Securities and Exchange Commission on February 22, 2023, and subsequent quarterly reports on Form 10-Q.
