**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangement of Certain Officers.**

On December 21, 2023, the HR and Compensation Committee ("HRC Committee") of the Board of Directors of Hewlett Packard Enterprise Company ("HPE" or the "Company") approved the performance metric weightings and target achievement levels for our executive officers, including our named executive officers, under HPE's fiscal 2024 annual incentive program ("AIP"), which provides the annual cash bonus opportunity under the Hewlett Packard Enterprise Company 2021 Stock Incentive Plan.

On April 1, 2024, the HRC Committee revised the performance metrics and their respective weightings (but not the related target achievement level) applicable to the AIP opportunity for one of our named executive officers, Neil MacDonald, in order to better reflect the operational results that are key to evaluating performance in connection with his role as Executive Vice President and General Manager of the recently formed Server reporting segment (which combines the prior reporting segments of High Performance Computing & Artificial Intelligence and Compute). Specifically, the HRC Committee approved use of the following performance metrics: FY24 Server revenue, FY24 Server segment operating profit, FY24 AI hardware orders, and FY24 Server services orders, with the goals for each such metric aligned to those developed internally at the end of FY23 for FY24 financial planning purposes. All other AIP terms and conditions remain unchanged.
